

Meet the VetFed Team—The team is led by **VetFed Resources**, a SDVOSB located in Alexandria, Virginia. VetFed is owned and operated by a partners that have significant federal experience (from the government and contractor vantage points) in management consulting, policy development, program oversight and management, and administrative and clerical staffing, including SCA. Vet-Fed subcontractors and team members include the following:

Corbin Company is a small business specializing in management consulting in human resources, financial services, clerical and administrative services. They work extensively as a prime and subcontractor to DHS, hold a TOP SECRET clearance, and currently support multiple DHS components and locations.

FPMI currently provides more than 250 employees at DHS, primarily at TSA and CBP, where they support a wide variety of administrative, clerical, and professional services under contract. FPMI is well-known for its staffing, recruiting and contact center expertise at DHS and they hold a SECRET clearance.

K4 Solutions, Inc.

K4 Solutions is a woman-owned, 8(a) firm specializing in administrative and call center services, document/records management, library operations, training and technical assistance, mailroom/facility operations, and quality management solutions. Much of their experience comes from competitively awarded contracts at DOD and DHHS. K4 holds a TOP SECRET clearance.

Federal Working Group is a small business with work at CIS where they provide 35 staff providing administrative and clerical personnel at the Vermont Service Center in St. Albans. FWG also provides program management services to clients such as Census Bureau, NIH, and Treasury and holds a TOP SECRET clearance.

NSR Solutions is a woman-owned, 8(a), HUB zone business supporting DOD and other federal customers with professional program management, administrative, and clerical services, including translation service in Arabic languages and several other “niche” lines. NSR holds a SECRET clearance.

DS Federal is a small, woman owned, minority owned business (with 8(a) pending) that offers program management and professional services in organizational development and training, management consulting, and recruiting. They also offer subject matter expertise in health and emergency preparedness.
